

Cybersecurity Basics: **WRONG ANSWERS ONLY!**

Presented by:
JERRY HORTON, Retiree
MATT LEE, Pax 8

NATALIE SUAREZ, Connectwise
MARC LALIBERTE, WatchGuard Technologies

SCENARIO 1:

**You have hired professional
IT & cyber security support.
How involved do you expect
to be going forward?**

SCENARIO 2:

asdfadf

**You have just installed a
new firewall! How are you
feeling about implementing
this new layer of
protection?**

SCENARIO 3:

asdfadf

Everyone knows that passwords are a hassle, and you use your favorite one on repeat. Do you think you may need to implement MFA in the near future?

SCENARIO 4:

asdfadf

Congrats – you have a backup in place! What other plans do you have in place for ransomware protection?

SCENARIO 5:

asdfadf

I understand you are all experts with ChatGPT. How would you rate the cyber security advice it has given you?

SCENARIO 6:

asdfadf

As business leaders, what kind of practices have you implemented to keep record of the different types of data you must protect?

**THANK YOU
TO OUR
EXPERTS FOR
SOME
COMEDIC
RELIEF!**
